1. If this is an application for someone over the age of 16, please use the form for adults.

Godparents (Baptism) / Supporting Friends (Thanksgiving)

At Baptism godparents are appointed.
Normally there are two godparents who are of the same gender as as the child, and one who is of the opposite gender. Parents and Godparents must be willing to make the baptismal promises (below). The norm is that Godparents should be baptised and confirmed, although the minister may dispense with the requirement for confirmation where there is *good* reason.

At a Blessing supporting friends are appointed.
There are no formal requirements for supporting friends providing they can pledge their support to the family with the words 'With the help of God I will'.
